For Maximum Skin Fitness

- Shave in the shower for an extra-close shave. The humidity helps pre-soften tough facial hair.
- Wash and moisturized every morning and night
- Avoid the sun and wear **Dermagenix Solar Defender SPF 28** to help prevent premature aging.
- Drink plenty of water especially during and after exercise.

* **Complimentary Consult available with Dr. Vo for advanced skin rejuvenation options.**

You Know your skin isn't the same as a woman's. It can be tough, but sensitive. It's oilier, yet it can go through bouts of dry patches and discomfort. It's large-pored, making it more susceptible to clogging. And while it weathers age better than a woman's, major lines and sagging can bug even the bravest guy.

If you're like most guys, you don't have time to stand around and take care of your skin. It's got to take care of itself, perhaps with just the smallest effort on your part. But that's even a big concession.

Your skin will thrive with just the basics:

- Clean & Shave
- Comfort & Moisturize
- Fight Aging

3 quick steps, twice a day. Choose from 6 highly effective tools in the :

Dermagenix Simple Skin System for Men

No high maintenance. Just smart solutions.

Desert Plant Complex

Chapparal, yucca, cactus, aloe, prickly pear, cherimoya, mullein. All are hearty in the desert's arid climate and scorching sun. Their secret is an internal life force that keeps them intensely hydrated

with very little water. Together, these remarkable plants lend their rejuvenating ability to maintain life-giving levels of moisture in your skin. You'll find them throughout *Dermagenix Simple Skin System for Men*.

Every Morning and Night

1. Clean & Shave

Keep your skin clean and comfortably shaven in one easy step. With fewer products for you to hassle with, daily care for your skin stays simple and fast, with less potential for irritation.

Wash-Out Face Cleanser & Shave Gel

All Skin Types

- Clean & shave in one step
- Lifts beard hair for a close, irritation-free shave
- Soap & sulfate-free - so skin feels fresh, not dry like leather

2. Calm & Moisturize

Even the toughest man's skin needs a little tenderness. Your skin is continually challenged by the environment and other aging factors that can leave it feeling irritated. Shield your skin against the onslaught of these offenders by applying a daily dose of protection.

Cool Comfort After Shave Gel

All Skin Types

- Cooling, Menthol- & Alcohol-free refreshes instantly
- Daily defense against ingrown hairs, breakouts and dehydration
- Keeps normal and oily skin comfortable throughout the day

Featherweight Face Lotion

Normal to Dry

- Drives moisture deep into the skin & helps hold it there
- Softens even the toughest beard
- Greaseless - won't clog pores

3. Fight Aging

Although your skin may be thicker and more resilient than a woman's, the skin around your eyes still needs special attention. It is the first place your face shows age, and the thinnest and most susceptible to extrinsic aging caused by sun exposure and lifestyle choices.

End-Line Eye Therapy

All Skin Types: Puffiness, Lines, Dark Circles

- Eases puffiness in seconds - fades the look of under eye circles
- Drives back the appearance of aging lines
- Revives younger-looking contours

1 to 3 times a week:

Resurface

Your skin needs a little more than just 1-2-3 now and then. Buffing away dead skin cells helps prep your skin for shaving and clears the way for healthy beard growth., so ingrown hairs are less likely. It also keeps clogged pores at a minimum, and gives your skin a touchably soft feel.

Buff Up Face Scrub

All Skin Types

- Instantly buffs away dead flakes that collect under a man's beard
- Reduces blade friction & clears the way for an effortless shave
- Soap & sulfate-free
