

Every product in Dermagenix Ultra-Gentle Sensitive Skin System focuses on the care of your skin's protective barrier, so your skin can stand up to its worst enemies.

This gentle system avoids ingredients commonly used in skin care designed for "normal" complexions because they can prove problematic for your sensitive complexion.

You won't find the following ingredients in any Dermagenix Ultra-Gentle skin care product:

- Fragrance
- Essential Oil
- Volatile Alcohol
- Dyes or Colorants
- Strong Emulsifiers
- Harsh Acids
- Mineral Oils
- Sulfates
- Lanolins
- Urea

Sea Whip: The Sea's Answer to Sensitive Skin

Ultra-calming Sea Whip is the most potent soother found in the sea - and a key ingredient in the Dermagenix Solutions Ultra-Gentle Skin System.

In today's high-impact world, your skin is the first line of defense against environmental changes, stressful situations, hormonal imbalances, prescription medications and overly - aggressive skin treatments. So common are these events in our daily lives, it's a wonder every skin isn't sensitive. In fact, no skin - regardless of age, type or ethnic group - is immune to this troublesome condition.

How does the Ultra-Gentle Skin System help keep my sensitive skin under control?

Regardless of the cause, all sensitive skin has one thing in common: a damaged surface barrier - a condition that can be difficult, if not impossible, to correct with regular skin care.

How Do I know if I have sensitive skin?

Does your skin:

- Blotch, flush or feel itchy for no apparent reason?
- Look fine-pored and thin, like porcelain?
- Act "fragile" or react easily with most skin care?
- React unfavorably to climate change?
- Become rashy or irritated when in contact with Certain fabrics?

If you answered yes to any of these questions, you are most likely experiencing sensitive skin.

Every Morning and Night

1. Cleanse

Clean skin is the basis of all beautiful skin. Unfortunately, cleansing can be a troublesome process for those skin types prone to sensitivity. Harsh surfactants and soap can strip this already vulnerable skin of its protective layer, leaving it completely defenseless and over-exposed.

Ultra-Gentle Cleansing Lotion /Gel

Sensitive: Oily to Normal, Rosacea-Prone

- Gently dissolves makeup and other impurities
- Keeps skin's protective barrier intact
- Dermatologist-tested for irritancy and sensitivity

2. Moisturize

Sensitive skin feels and reacts that way, because a weakened protective barrier lets irritants penetrate and moisture escape. The perfect remedy is a moisturizer that helps rebuild skin's fortress - while keeping it soft, calm and protected.

Dermagenix Ultra-Gentle Sensitive Skin System offers skin smoothing and replenishing moisturizers for every type.

Calming Bio-Lipid Repair Crème

Sensitive: Extremely Dry, Rosacea-Prone

- Extra-strength, luxuriously rich crème
- Revives comfort instantly
- Dermatologist-tested for sensitive skin

Calming Bio-Lip Repair Fluid

Sensitive: Normal to Slightly Dry, Rosacea-Prone

- Lightweight, deeply moisturizing fluid
- Specially formulated to calm and sooth redness
- Dermatologist -tested for irritancy and sensitivity

Oil-Free Hydrating Fluid

Sensitive: Oily to Normal. Rosacea-prone

- Reprograms skin to hold more moisture - without oil
- Lightweight - won't clog pores or cause shine
- Dermatologist-tested for irritancy and sensitivity

3. Eyes

Regardless of skin sensitivity, the area around your eyes is the most delicate skin on your face. Dermagenix Ultra Gentle Eye Crème shelters skin with extra-gentle, extremely soothing moisture care.

Ultra-Gentle Eye Crème

Sensitive: Dry

- Instantly hydrates, moisturizes, and eases visible lines
- Calms delicate skin around sensitive eyes
- Ophthalmologist-approved - safe for contact lens wearers

As Needed: Special Care

Sensitive skin needs a little extra help now and then to keep it at its calm, healthy-looking best. Whether a super boost of skin soothers or gentle skin refining is needed, Dermagenix Ultra-Gentle Sensitive Skin System has what you need to keep your sensitive skin beautifully smooth and composed.

> Calm and Control

Instant Calm Ultra Complex

Sensitive: Visibly Red or Irritated

- Relives signs of tingling and stinging on contact
- Eases appearance of redness within minutes
- Calms skin after waxing, tweezing, or sun exposure
- Dermatologist-tested for irritancy and sensitivity
